

Concord Yacht Club Mooring Release Form

I, the undersigned, intend to use a mooring at the **Concord Yacht Club**.

Under no circumstances does the **Concord Yacht Club** assume responsibility for damage to or loss of any sailboat. In the event of damages incurred by a member's sailboat, another sailboat or sailboats, and/or Club property, responsibility lies solely with the owner of the sailboat at fault. Furthermore, I agree that my use of said mooring shall be at my own risk and that the **Concord Yacht Club** shall not be responsible or liable for any loss, damage, or consequential damage occasioned by my use of said mooring.

I agree that **Concord Yacht Club** has not represented in any way the suitability, strength, or condition of said mooring and its attachments.

It is required that you maintain two lines from your boat to the mooring. Your mooring lines must be at least a 1/2" in diameter and they must have a braided eye - preferably with a thimble - and be true docking cordage. This is for the safety of member's and Club property.

I agree to inspect the mooring and its attachments, and, if the same is unsuitable, that I will either repair or refrain from the use of said mooring, and will promptly notify **Concord Yacht Club** of the defect.
